Her Money Was Gone!

An old woman who lived alone had kept nearly $2,000 00 in currency around her house for years. She was afraid of banks.

Last fall she became seriously ill, and——

No, she didn't die. But when she went to look for the cash it was gone! Fortunately some honest friends had found it while she was unconscious and had deposited it to her credit in a bank.

This woman has now decided that after all the bank is the safest place, and, besides, her money is not idle any longer. It is now earning 4 per cent for its owner.

Let us put your money to work for you.

VICTORIES OF PEACE EQUAL THOSE OF WAR

Whether the task is the construction of a colossal harbor improvement project, or the administration of a newly acquired insular possession, the Department of War is always prepared to bring to the task a high degree of skill and masterful judgment. How "peace hath her victories no less renowned than war" for the military department of the nation is interestingly described and illustrated in one of an instructive series of articles on Our Government now being distributed exclusively by this Institution.

We shall be pleased to see that you receive the complete series, if you will send us your name and address.

James M. LeGrande, 50 years of age, died Thursday night in Lynchburg, of heart trouble. Mr. LeGrande was a native of Appomattox county, but had lived here 40 years. He had been with the Lynchburg Traction and Light Company since 1890, save for a year or two, returning to the company in 1906, from which time he worked as a motorman on the Fifth street line until he had to stop because of the condition of his health.

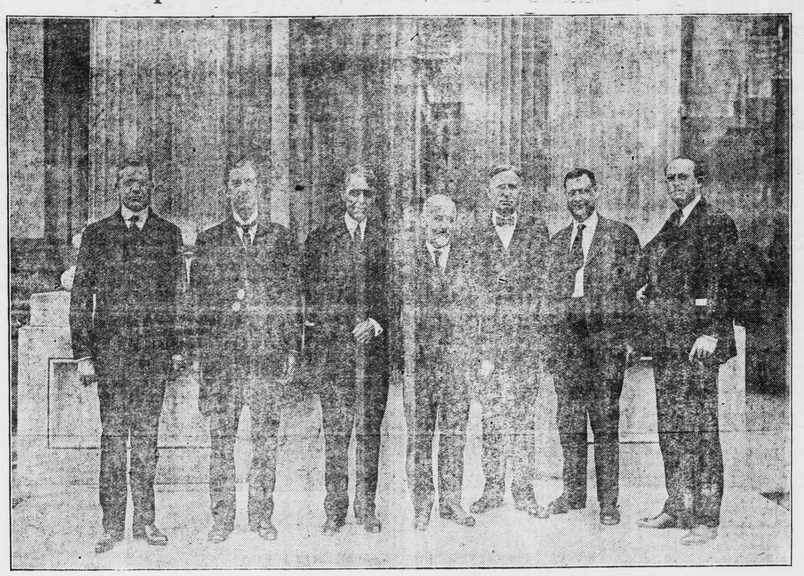
Special Committee Of The Farm Bloc



Left to Right—Charles L. McNary, Oregon; Claude A. Swanson, Virginia; Arthur Capper, Kansas; Edwin F. Ladd, North Dakota; John B. Kendrick, Wyoming; Wesley L. Jones. Washington; Pat Harrison, Mississippi.

This Committee was selected from the Farm Bloc in the United States Senate to formulate and draft a bill which will provide a method for adequate credits to the farmers of the country. Many suggestions have been made and various bills have been introduced, but none seem to meet all the requirements, and so the special committee was chosen to consider what kind of a bill was necessary. The Farm Bloc has been very successful in securing legislation of benefit to farmers, and whenever the bloc agrees on a bill that bill is almost sure to become a law. The special committee expects to prepare a bill which will pass before the end of the present session.

The seven members of the subcommittee have been noted as friends of the farming interests during the time they have been in public life. All of them represent agricultural states. Several of them have been engaged in agricultural pursuits. Senator Swanson, of Virginia, is particularly well qualified for service on this committee, as he lived on a farm during his youth for sixteen years and now owns a farm of 559 acres two miles from Chatham, Virginia, which he operates. Long experience makes him personally acquainted with the needs of farmers. Senator Swanson served for ten years on the Ways and Means Committee of the House of Representatives, and is therefore well acquainted with financial matters. To Senator Swanson more than any one else should be given the credit for rural free delivery, parcels post, and Federal aid to good roads. He was an earnest advocate of Federal farm loan banks and the extension of credits to farmers. Senator Swanson is a member of the Democratic Steering Committee of the Senate, which Committee largely controls and directs the Democratic policy in the Senate, and hence measures and legislation advocated by him will have substantial Democratic support.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset. I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it. . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying All druggists sell it.
